PLACEMENTS

Choosing the right course and college after school plays a vital role in shaping a successful career. Whether your interest lies in **pharmacy** or **engineering**, Lucknow has become one of the leading educational centers in Uttar Pradesh. Among the top institutions, **Ambekeshwar Group of Institutions (AGI)** stands out as a premier choice for technical and professional education.

AGI offers highly reputed programs such as **Bachelor of Pharmacy in Lucknow**, **Diploma in Pharmacy in Lucknow**, **Diploma in Electrical Engineering in Lucknow**, **Diploma in Civil Engineering in Lucknow**, and **Diploma in Mechanical Engineering in Lucknow**. The institution focuses on delivering quality education, advanced training, and placement support that prepares students for successful professional lives.

Bachelor of Pharmacy in Lucknow

The **Bachelor of Pharmacy (B.Pharm)** program is a four-year undergraduate course designed to provide students with in-depth knowledge of the pharmaceutical sciences. It aims to train future pharmacists, researchers, and healthcare professionals who can contribute to medicine development, drug formulation, and patient care.

Course Overview

The **Bachelor of Pharmacy in Lucknow** at AGI includes comprehensive subjects such as:

- Pharmaceutics
- Pharmaceutical Chemistry
- Pharmacology
- Pharmacognosy

- Pharmaceutical Analysis
- Drug Design and Clinical Research

The course combines theoretical understanding with practical lab sessions, industrial training, and project work to ensure students are industry-ready.

Eligibility

Candidates who have completed their 10+2 education with Physics, Chemistry, and Biology or Mathematics are eligible to apply.

Affiliation and Approval

At **AGI Lucknow**, the B.Pharm program is affiliated to **Dr. A.P.J. Abdul Kalam Technical University (AKTU)** and approved by the **Pharmacy Council of India (PCI)**.

Career Opportunities

Graduates of this program can pursue careers in:

- Pharmaceutical Manufacturing
- Research and Development
- Hospital and Clinical Pharmacy
- Drug Control Administration
- Medical Writing and Regulatory Affairs
- Further Studies (M.Pharm or MBA in Pharmaceutical Management)

With excellent infrastructure and a strong academic foundation, AGI is recognized among the **best colleges for Bachelor of Pharmacy in Lucknow**.

Diploma in Pharmacy in Lucknow

For students who wish to begin their career in the healthcare and pharmaceutical sector early, the **Diploma in Pharmacy (D.Pharm)** program is an excellent choice. It is a two-year course that imparts basic knowledge about drug formulation, dispensing, and pharmaceutical practices.

Program Details

The **Diploma in Pharmacy in Lucknow** at AGI covers subjects such as:

- Human Anatomy and Physiology
- Pharmaceutical Chemistry
- Pharmacology and Toxicology
- Pharmaceutics and Hospital Pharmacy
- Drug Store and Business Management

The program emphasizes practical training, ensuring students gain real-world experience in hospital and community pharmacy settings.

Eligibility

Students who have passed 10+2 with Physics, Chemistry, and Biology/Mathematics can apply for admission.

Affiliation and Approval

The D.Pharm program at AGI is approved by the **Pharmacy Council of India (PCI)** and recognized by the **Board of Technical Education (BTE), Uttar Pradesh**.

Career Prospects

After completing the **Diploma in Pharmacy**, graduates can work as:

- Registered Pharmacists in Hospitals or Medical Stores
- Assistants in Pharmaceutical Industries
- Medical Representatives or Sales Executives
- Government Drug Control Officials
- Further Studies through Lateral Entry into B.Pharm

The **Diploma in Pharmacy in Lucknow** offered by **AGI** provides students with a strong platform to build a rewarding pharmaceutical career.

Diploma in Electrical Engineering in Lucknow

The **Diploma in Electrical Engineering** is one of the most versatile and career-oriented technical programs. It trains students to understand and apply concepts of electrical power, automation, and electronics in real-world applications.

Course Highlights

The **Diploma in Electrical Engineering in Lucknow** at AGI includes modules on:

- Electrical Machines and Circuits
- Power Systems and Generation
- Control Systems and Instrumentation
- Power Electronics
- Microprocessors and Automation

Students learn to design, maintain, and troubleshoot electrical systems used in industries, power plants, and infrastructure projects.

Duration and Eligibility

The course duration is three years, divided into six semesters. Students who have completed 10th standard with the required marks are eligible to apply.

Affiliation and Approval

The program is approved by the **Board of Technical Education (BTE), Uttar Pradesh**, and follows an industry-aligned curriculum.

Career Opportunities

Graduates of **Diploma in Electrical Engineering in Lucknow** can find jobs in:

- Power Generation and Distribution Companies
- Electrical Design and Maintenance Departments
- Automation and Control Industries
- Government Power Corporations
- Further Studies in B.Tech Electrical Engineering

AGI ensures that every student gains hands-on experience through workshops, labs, and internships, preparing them for a bright technical career. Visit **https://agi.org.in/** for details.

Diploma in Civil Engineering in Lucknow

Civil Engineering is one of the most respected fields in technical education. The **Diploma in Civil Engineering in Lucknow** at AGI prepares students to design, plan, and manage construction and infrastructure projects that contribute to national development.

Course Structure

The curriculum at AGI includes:

- Building Materials and Construction Technology
- Surveying and Estimation
- Structural Engineering
- Water Resource and Environmental Engineering
- Transportation and Highway Engineering

Students get practical exposure through site visits, project work, and design software training.

Duration and Eligibility

The course is of three years (six semesters) and is open to students who have completed 10th standard.

Affiliation and Approval

The program is approved by the **Board of Technical Education (BTE), Uttar Pradesh**, and follows all government and industry norms.

Career Scope

Diploma holders can work as:

- Site Supervisors and Junior Engineers
- Estimators and Project Coordinators
- CAD Technicians
- Quality Control Officers
- Government Department Staff (PWD, Railways, etc.)

The **Diploma in Civil Engineering in Lucknow** offered by **AGI** provides a perfect balance of theoretical learning and field-based training.

Diploma in Mechanical Engineering in Lucknow

Mechanical Engineering is often called the "backbone of industrial development." The **Diploma in Mechanical Engineering in Lucknow** offered by AGI focuses on practical and analytical knowledge essential for manufacturing, design, and production processes.

Course Overview

The program includes key subjects such as:

- Engineering Mechanics
- Thermodynamics and Fluid Mechanics
- Machine Design
- Manufacturing Technology
- Automobile Engineering and Production Techniques

Students gain expertise in machine tools, maintenance systems, and product design through hands-on training in workshops.

Duration and Eligibility

This three-year course is available for students who have passed their 10th examination with the required marks.

Affiliation and Approval

The course is approved by the **Board of Technical Education (BTE), Uttar Pradesh**, ensuring its recognition across industries.

Career Opportunities

After completing the **Diploma in Mechanical Engineering in Lucknow**, students can pursue careers in:

- Automobile and Manufacturing Companies
- Production and Maintenance Departments
- Tool Design and Fabrication Units
- Power Plants and Industrial Workshops
- Higher Studies in B.Tech Mechanical Engineering

AGI provides strong placement support, connecting students with leading industries and manufacturing organizations.
